### LEONARD DALY

One of Wedding Belle's favourite makeup artists, Leonard Daly's work focuses mainly on the fashion industry. Although he's worked on music videos, advertisements and on television, most of Leonard's time is spent working on fashion shoots and shows. His makeup centres on beautifully fresh skin and he believes less is definitely more, but is also an expert at creating drop-dead glamour.

### AOIFE CALLAGHAN

Having worked with Bobbi Brown cosmetics and trained with international makeup artists for five years, Aoife Callaghan has developed a style that focuses on bringing out natural beauty. "Bridal makeup is about bringing out the natural beauty of the bride on one of the most important days of her life," says Aoife, who uses brands like Armani, Mac and Bobbi Brown. Aoife transforms brides, bridesmaids and mothers of the bride for their special day.
